Cornaglia[®]
Group
SINCE 1916

WHO WE ARE

Cornaglia S.p.A. fondata a Torino nel 1906 è un Gruppo Multinazionale, Partner per il settore automotive in costante evoluzione, capace di anticipare le esigenze del mercato con coraggio imprenditoriale. In grado di offrire soluzioni tecniche e ingegneristiche all'avanguardia e a elevato valore per il cliente, coordina e integra i propri processi con uno spirito di miglioramento continuo.

Cornaglia Group, da sempre attenta ai vari trend di mercato, ha nel suo DNA la diversificazione e contribuisce al benessere dei territori in cui è presente. Oltre al settore Arredo, il Gruppo Cornaglia, annovera aziende in ambito Ospedaliero-Sanitario tramite la LIT (Lavanderia Industriale Torinese), nel settore dei compattatori professionali per rifiuti per mezzo della WPT (Waste Processing Technologies) e nell'immobiliare attraverso la PVUG che detiene la proprietà di tutti gli stabilimenti del Gruppo.

Cornaglia S.p.A. founded in Turin in 1906, it is a Multinational Group, Partner for the automotive sector in constant evolution, able to anticipate the needs of the market with entrepreneurial courage.

Able to offer cutting-edge technical and engineering solutions with high customer value, coordinates and integrates its processes with a spirit of continuous improvement.

Cornaglia Group, which has always been attentive to the various market trends, has diversification in its DNA and contributes

to the well-being of the territories in which it is present. In addition to the Furniture sector, the Cornaglia Group includes companies in the hospital-health sector through the LIT (Industrial Laundry Turin), in the compactors sector professional for waste through WPT (Waste Processing Technologies) and in real estate through PVUG, which owns all the Group's factories.

CORNAGLIA GROUP A SOSTEGNO DEL PIANETA

ECONOMIA CIRCOLARE

Per recuperare la materia prima seconda dai prodotti di scarto la **Cornaglia S.p.A** ha acquistato un macinatore. La materia prima seconda viene poi inviata al centro ricerche che lo analizza e ne indica i migliori utilizzi

RISPARMIO ENERGETICO

I 5 impianti fotovoltaici installati sui tetti degli stabilimenti producono annualmente circa 4 milioni di kWh di energia pulita evitando l'emissione di 1.600 tonnellate di CO₂ ogni anno. Ulteriori aree di intervento interessano il recupero del vapore flash, l'introduzione di scambiatori di calore, la riconversione dei generatori, l'inserimento di compressori con inverter, la conversione ed illuminazione led e la depurazione delle acque reflue

RICERCA E SVILUPPO

Il **Centro Ricerche**, riconosciuto dal Ministero dell'istruzione, dell'università e della ricerca è una struttura moderna situata a Grugliasco. Vi lavorano circa 50 persone altamente specializzate, impiegate nella ricerca e nello sviluppo, nella realizzazione di prototipi e nella verifica sperimentale.

TECHNOLOGY

Disponiamo delle principali tecnologie per la trasformazione delle materie prime.
We have the main technologies for the transformation of raw materials.

Tecnologia/Technology:

- Taglio laser/Lasercut
- Pellicola/Wrapping
- Stampaggio alluminio/Aluminum molding
- Soffiaggio tradizionale/Traditional blowing
- Lavorazione e taglio ecologico di MDF/
Ecological MDF processing and cutting
- Stampaggio a iniezione/Injection moulding
- Stampaggio rotazionale/Rotational molding
- Termoformatura/Thermoforming
- Soffiaggio 3D/3D blowing

ARKEMA DESIGN, brand del gruppo Cornaglia, è da sempre legata al mondo della produzione nei vari settori: dall'arredamento all'automotive , con l'obiettivo di essere sempre all'avanguardia per tecnologie - design - servizio al cliente – e costi competitivi.

Giancarlo Rusconi, ha progettato e disegnato tutti i nostri prodotti , attento alle esigenze del mercato, già nel 1988, ha presentato quella che è conosciuta come la prima doccia a riscaldamento solare sul Mercato.

Negli ultimi dieci anni abbiamo rilanciato questo progetto , con vasto incremento della gamma.

Pensato per tutte le esigenze , grazie al design, alla qualità e al prezzo corretto ha avuto da subito un grande successo e una crescita esponenziale nelle vendite. Crediamo molto in questo accessorio utile a tutti, abbiamo fatto importanti investimenti sulla produzione e sui modelli, che ci consentono di affrontare preparati, la richiesta del mercato.

Riteniamo che, non essendo ancora conosciuto dal grande pubblico, la sua costante crescita e diffusione sarà naturale, confermato dai dati di questi ultimi anni. Molti sono gli innovativi progetti in cantiere dedicati alle docce, delle quali vantiamo già alcune copie, allargando la gamma agli arredi e al garden. Siamo inoltre, in grado di offrire la realizzazione di prodotti personalizzati, con marchio dedicato.

ARKEMA DESIGN, la più vasta gamma di docce solari/tradizionali in pronta consegna, realizzata nei nostri stabilimenti di Torino (Italia), con tecnologie d'avanguardia, un riferimento produttivo per ottimizzare il vostro business.

Nel 2021, la casa madre Cornaglia Group, per favorirne l'ulteriore sviluppo, ha deciso di trasferire il brand ARKEMA DESIGN ad una divisione dedicata: PLART DESIGN.

ARKEMA DESIGN, a Cornaglia Group brand is ever since linked to the production world in different environments: from the furnishing to the automotive, with the aim of being always up to date for technologies-design-customer service and competitive costs.

Giancarlo Rusconi, has projected and drawn all our products, focused on the needs of the Market, already in 1988 he has introduced the shower that nowadays is known as the first Solar Heated Shower on the Market.

During these last ten years, we have re-launched this project, with a great expansion of the range of products. Thought for all the needs, thanks to the design, to the quality and correct price, it has had from the beginning a great success and an exponential growth in sales.

We strongly believe in this accessory useful for everybody, we have made important investments on the production and on the models, which allows us to face the request of the market , prepared.

We consider that, as it is not yet known at the majority of the people, its constant growth and its diffusion will be natural, confirmed by the data of these last years . Many innovative projects dedicated to the showers are under development, of which we already boast some copies, enlarging the range to FURNISHING and GARDEN. In addition, we are able to offer the realization of personalized products, with dedicated mark.

ARKEMA DESIGN, the most great range of solar/traditional showers ready for delivery just in time, realized in our Plants in Turin- Italy, with forefront technologies, a production reference to optimize your business.

In 2021, in order to encourage further development, the parent company Cornaglia Group has decided to transfer ARKEMA DESIGN brand to a dedicated, specific division: PLART DESIGN

PROFILE

ARKEMA DESIGN, brand du groupe Cornaglia est depuis toujours lié au monde de la production dans plusieurs secteurs : de l'ameublement à l'automotive, avec l'objectif d'être toujours à l'avant-garde pour les technologies- design-service au client- et couts compétitifs.

Giancarlo Rusconi, a projeté et dessiné tous nos produits, sensible aux exigences du Marché, déjà en 1988, il a introduit celle qui est connue comme la première douche à chauffage solaire sur le Marché.

Pendant les dernières années nous avons relancé ce projet, avec un grand incrément de la gamme.

Pensé pour tous les exigences, grâce au design, à la qualité et au prix correct qui a eu immédiatement un grand succès et une croissance exponentielle des ventes.

Nous croyons beaucoup dan cet accessoire utile à tous, nous avons fait des importants investissements sur la production et sur les modèles, qui nous permettent de faire face préparés à la demande du Marché.

Nous retenons que, n'étant pas connu par la plupart du public, sa constante croissance et divulgation sera naturelle, confirmé des données de ces dernières années.

Les projets innovants dédiés aux douches en préparation sont beaucoup, des quels nous ventons déjà quelques copies, en augmentant la gamme aux ameublements et aux jardins. Nous sommes en plus, en mesure d' offrir la réalisation des produits personnalisés , avec marque dédié.

ARKEMA DESIGN, la plus vaste gamme de douches solaires/traditionnelles prête à livrer, réalisé dans nos usines à Turin- Italie, avec technologie d'avant-garde, un référence productif pour optimiser votre business.

En 2021, la maison mère Cornaglia Group, pour encourager son développement, a décidé de transférer la marque ARKEMA DESIGN vers une division dédiée: PLART DESIGN.

ARKEMA DESIGN , marca del grupo Cornaglia, siempre ha estado vinculado al mundo de la producción en los diversos sectores: desde el mobiliario hasta la automoción, con el objetivo de estar siempre a la vanguardia de las tecnologías: diseño, servicio al cliente y costos competitivos.

Giancarlo Rusconi, ha concebido y diseñado todos nuestros productos, atento a las necesidades del mercado, ya en 1988 presentó lo que se conoce como la primera ducha calentada con energía solar en el mercado.

En los últimos diez años hemos relanzado este proyecto, con un gran aumento en el rango.

Diseñado para todas las necesidades, gracias al diseño, la calidad y el precio correcto, ha tenido un gran éxito de inmediato y un crecimiento exponencial en las ventas.

Creemos mucho en este accesorio útil para todos, hemos hecho grandes inversiones en producción y modelos, que nos permiten enfrentarnos a la demanda del mercado.

Creemos que, dado que aún no es conocido por el público en general, su crecimiento y difusión constantes serán naturales, según confirman los datos de los últimos años.

Hay muchos proyectos innovadores en la tubería dedicada a las duchas, de los cuales ya tenemos algunas copias, ampliando la gama de muebles y el jardín. También podemos ofrecer la creación de productos personalizados, con marca dedicada.

ARKEMA DESIGN, la gama más amplia de duchas solares/tradicionales listas para su entrega, hechas en nuestras plantas de Turín - Italia, con tecnologías de vanguardia; una referencia productiva para optimizar su negocio.

En 2021, la empresa matriz Cornaglia Group, para fomentar un mayor desarrollo, decidió transferir la marca ARKEMA DESIGN a una división dedicada: PLART DESIGN.

SUSTAINABLE CIRCULAR ECONOMY PROJECT

ITA

Il progetto ricicli-AMO ha la finalità di favorire con processi e atti concreti una netta sensibilizzazione rispetto ai processi di economia circolare. Ci poniamo l'obiettivo di coinvolgere sempre più la comunità imprenditoriale, divulgando i temi legati alla sostenibilità ambientale, economica e sociale, nella certezza che "la genialità" che nasce dall'incontro e dalla condivisione, possa gettare le basi per creare nuovi modelli di vita e di consumo. Dal 2020 Plart Design ha deciso di utilizzare per i suoi processi produttivi materiale riciclabile o riciclato. A tal proposito un importante accordo è stato siglato con L'Oréal Saipo Industriale per rigenerare materiali plastici fine vita utilizzati al fine di dare una seconda vita alla plastica producendo nuovi mezzi di raccolta da reintrodurre nello stabilimento.

ENG

The recycle-AMO project has the purpose of favoring a net result with concrete processes and acts raising awareness of circular economy processes. We set ourselves the goal of involve the business community more and more, disseminating issues related to sustainability environmental, economic and social, in the certainty that "the genius" that arises from the encounter is from sharing, can lay the foundations to create new models of life and consumption.

From 2020 Plart Design has decided to use recyclable material for its production processes or recycled. In this regard, an important agreement was signed with L'Oréal Saipo Industriale to regenerate end-of-life plastic materials used in order to give plastic a second life by producing new collection means to be reintroduced into the plant.

FRA

Le projet recycle-AMO a pour objectif de favoriser un résultat net avec des processus et des actes concrets sensibilisation aux processus d'économie circulaire. Nous nous sommes fixés l'objectif de impliquer de plus en plus le monde des affaires, en diffusant les questions liées à la durabilité environnemental, économique et social, dans la certitude que « le génie » qui naît de la rencontre est du partage, peut poser les bases pour créer de nouveaux modèles de vie et de consommation.

A partir de 2020, Plat Design a décidé d'utiliser des matériaux recyclables pour ses processus de production ou recyclé. A ce titre, un accord important a été signé avec L'Oréal Saipo Industriale pour régénérer les matières plastiques en fin de vie utilisées afin de donner une seconde vie au plastique en produisant de nouveaux moyens de collecte à réintroduire dans l'usine.

SPA

El proyecto recicla-AMO tiene como finalidad favorecer un resultado neto con procesos y actos concretos Sensibilización sobre los procesos de economía circular. Nos fijamos el objetivo de involucrar cada vez más a la comunidad empresarial, difundiendo temas relacionados con la sostenibilidad. Ambiental, económica y social, en la certeza de que "el genio" que surge del encuentro es de compartir, puede sentar las bases para crear nuevos modelos de vida y consumo.

Desde 2020 Plart Design ha decidido utilizar material reciclable para sus procesos productivos o reciclado. En este sentido, se firmó un importante acuerdo con L'Oréal Saipo Industriale para regenerar los materiales plásticos al final de su vida útil utilizados para darle una segunda vida al plástico mediante la producción de nuevos medios de recolección para ser reintroducidos en la planta.

Il progetto "ricicliAMO" The Project "ricicliAMO"

La società in cui viviamo e lavoriamo ha sempre più bisogno di un ambiente sano e di preservare l'ecosistema del nostro Pianeta. Una maggiore sensibilità al tema potrebbe infatti favorire un netto miglioramento delle condizioni di vita di tutti noi. Questo è proprio l'assunto chiave che ha favorito la nascita e sviluppo del progetto recycle-AMO, con l'obiettivo che si specifica di favorire una definizione chiara con processi concreti e atti di sensibilizzazione sui processi di economia circolare.

Il progetto RicicliAMO nasce dall'idea di creare prodotti innovativi ad alta tecnologia per lo stampaggio rotazionale utilizzando plastica riciclata post-consumo.

Il vantaggio competitivo sta nell'utilizzo di un nuovo materiale riciclato, sempre costante e ad alta disponibilità, in grado di garantire costanza di processabilità ed elevati volumi di produzione.

More and more the society in which we live and work has need for a healthy environment and to preserve the ecosystem of our Planet. Greater sensitivity to the issue could in fact, favor a clear improvement in the conditions of life of all of us. This is precisely the key assumption that has favored birth and development of the recycle-AMO project, with the aim he specifies to favor a clear-cut with concrete processes and acts raising awareness of circular economy processes.

The project RicicliAMO was born from the idea of creating innovative high-tech rotational molding products using post-consumer recycled plastic took shape. The competitive advantage is in the use of a new recycled material that is always constant and highly available, capable of guaranteeing consistency in processability and high production volumes.

RicicliAMO products Prodotti RicicliAMO

RicicliAMO sono prodotti unici, derivanti da una tecnologia esclusiva in grado di soddisfare le esigenze del mercato dello stampaggio rotazionale, sempre più orientato alla sostenibilità.

Tutti i prodotti ARKEMA sono caratterizzati da un colore verde screziato come la linea amica della natura che massimizza la sostenibilità attraverso il riciclo, diminuendo l'uso di basi fossili e riciclabilità infinita.

Inoltre, i prodotti hanno caratteristiche meccaniche che consentono la produzione di oggetti diversi, come vasche di contenimento dell'acqua, giocattoli, scivoli e giochi per parchi, oggetti di design, arredi per esterni, infrastrutture sostenibili.

RicicliAMO are unique products, deriving from an exclusive technology able to meet the needs of the rotational molding market, that is increasingly aimed at sustainability.

All ARKEMA products are characterized by a green mottled colour as the nature-friendly line that maximise sustainability through recycling, decreasing the use of fossil bases and infinite recyclability.

Moreover, the products have mechanical characteristics that allow the production of different objects, such as water containment tanks, toys, slides and games for parks, design objects, outdoor furniture, sustainable infrastructures.

The strengths of ricicliAMO products

Sviluppo sostenibile ed economia circolare Sustainable development and circular economy

Ora è fondamentale pensare in termini di Green Economy seguendo un modello di sviluppo sostenibile che tenga conto dell'impatto ambientale derivante dal progresso industriale. L'obiettivo è il modello di economia circolare, un modello di sviluppo scelto nel 2015 dalla Commissione Europea a seguito del World Economic Forum di Davos nel 2014.

La Vision di ARKEMA, azienda impegnata nel riciclo della plastica, individua nella sostenibilità la prospettiva e il futuro del mercato della plastica.

Attraverso attività di innovazione e ricerca e sviluppo, ARKEMA ha sviluppato prodotti in polvere dedicati allo stampaggio rotazionale, una vera innovazione per la produzione di beni durevoli in un'ottica di sostenibilità.

It is now essential to think in terms of the Green Economy following a sustainable development model that takes into account the environmental impact resulting from industrial progress. The goal is the circular economy model, a development model chosen in 2015 by the European Commission following the World Economic Forum in Davos in 2014.

The Vision of ARKEMA, a company committed in the recycling of plastics, identifies the prospect and future of the plastics market in sustainability.

Through innovation and R&D activities, ARKEMA developed powder products dedicated to rotational molding, a true innovation for the production of durable goods with a view to sustainability.

La nostra vision Our vision

Vogliamo coinvolgere sempre di più la business community, divulgando temi legati all'ambiente, all'economia e alla sostenibilità sociale, nella certezza che "il genio" che nasce dall'incontro e dalla condivisione, possa porre le basi per creare nuovi modelli di vita e di consumo .

Nel mondo di oggi, fare affari non significa solo fare affari generare profitti. Le aziende si stanno rendendo conto che la Mission deve saper andare oltre il core business, assumendosi la responsabilità sociale e ambientale delle proprie scelte.

We want to involve the business community more and more, disseminating issues related to environmental, economic and sustainability social, in the certainty that "the genius" that arises from the encounter e sharing, can lay the foundations for creating new models of life and consumption.

In today's world, doing business is not just about doing business generate profits. Companies are realizing that the Mission must know how to go beyond the core business, taking social responsibility and environmental of their choices.

- 🇮🇹 LE PORTATE INDICATE VALGONO PER TUTTE LE VERSIONI COLORE DEL CODICE IN TABELLA, QUINDI ANCHE PER LE VERSIONI TOP LINE.
- 🇬🇧 THE FLOWS INDICATED ARE VALID FOR ALL THE COLOR VERSIONS OF THE CODE IN THE TABLE, SO ALSO FOR THE TOP LINE VERSIONS.

🇮🇹 **LE NOSTRE COLONNE DOCCIA**, AVENDO PORTATA INFERIORE O UGUALE A 9 L/m, SODDISFANO I REQUISITI PER OTTENERE I BONUS MINISTERIALI GIA' ATTIVI ED IN FASE DI ATTIVAZIONE PER IL 2021.
PROVE DI PORTATA REALIZZATE DAL NOSTRO DIPARTIMENTO INTERNO DI RICERCA E SVILUPPO E DAL CONTROLLO QUALITA'.

🇬🇧 **OUR SHOWER COLUMNS**, HAVING A FLOW LOWER OR EQUAL TO 9 L/m, MEET THE REQUIREMENTS TO OBTAIN MINISTERIAL BONUSES ALREADY ACTIVE AND IN THE ACTIVATION PHASE FOR 2021.
FLOW TESTS CARRIED OUT BY OUR INTERNAL RESEARCH AND DEVELOPMENT DEPARTMENT AND QUALITY CONTROL.

PACKAGING

FAMILY PACKAGING

All packaging has been designed following a **single graphic line**, so as to be as visually uniform as possible.

ECOLOGICAL PACKAGING

The packaging is all made of **volcanic cardboard**, reusable several times and **100% recyclable**.

EXPORT CERTIFIED

all packages are **certified and comply with European export regulations**, in order to guarantee maximum safety in the field of transport.

hot ball®

sun kept®

Quale scegliere?

Hot Ball

Hot ball serie 2.00 è un collettore solare dal design innovativo, facile da installare e trasportare, grazie alla sua forma riesce a sfruttare al massimo irraggiamento solare.

Realizzata in polietilene termoindurente resistente al calcare e alle correnti galvaniche acide.

L'innovativa struttura la rende praticamente indistruttibile e quindi adatta all'utilizzo in condizioni di emergenza (es. protezione civile ecc).

- Hb 200 per docce lavandini o erogatori predisposti con miscelazione calda e fredda
- Hb 240 con miscelatore per docce lavandini o erogatori senza miscelatore calda fredda
- Hb 270 con miscelatore termostatico per docce lavandini o erogatori dove si desideri una temperatura programmata.

La versione Hybrid /80 è una soluzione unica sul mercato per uso professionale, in quanto è in grado di garantire acqua calda in ogni condizione climatica.

Accessorio utile a tutti coloro che per lavoro o svago vivono gli spazi esterni.

Sun Kept

Sun kept serie 1.00 è un progetto innovativo di design che fa dell'efficienza il suo punto di forza.

Il suo design originale lo rende un elemento d'arredo outdoor, studiato per resistere a qualsiasi evento atmosferico o accidentale.

Il suo magior utilizzo è rivolto al riscaldamento di piscine e contenitori di acqua interni ed esterni, a differenza dell'Hot ball non lavora a pressione e pertanto deve essere utilizzata sulla linea di filtraggio a valle della pompa e del filtro.

Which hotball to choose?

Hot Ball

Hot ball 2.00 series is a solar collector with innovative design, easy to install and transport, thanks to its shape it's able to exploit the maximum solar radiation.

Made of special thermosetting resins resistant to limestone and acid galvanic currents. The innovative structure makes it practically indestructible and therefore suitable for use in emergency conditions (eg civil protection, etc.).

- Hb 200 for showers, sinks or dispensers prepared with hot and cold mixing
- Hb 240 with mixer for showers, sinks or dispensers without hot / cold mixer
- Hb 270 with thermostatic mixer for showers, sinks or dispensers where a programmed temperature is desired.

The Hybrid / 80 version is able to guarantee hot water in all climatic conditions, it represent a unique solution for professional use.

Useful for all those who live outdoor spaces for work or leisure.

Sun Kept

Sun kept 1.00 series is an innovative design project that makes efficiency its strong point.

Its original design makes it an outdoor furnishing, designed to withstand any atmospheric or accidental event.

Its main use is heating swimming pools and internal and external water containers, unlike the Hot ball it does not work under pressure and therefore must be used on the filtering line downstream of the pump and filter.

Innovative solar collector

future of solar shower

Nella filosofia di Arkema e Jean Rusconi, tutti i prodotti sono studiati e realizzati per offrire vantaggi all'utilizzatore, senza alcuna controindicazione . Viene prestata grande attenzione al design, alla semplicità d'utilizzo e all'innovazione. La linea collettori raggiunge il massimo di questi obiettivi differenziandosi dagli innumerevoli prodotti esistenti. Solar collector 4.0 rappresenta l'apice di questa filosofia, che consente un risparmio energetico e idrico, eliminando i limiti delle docce a riscaldamento solare e tradizionale, dovuti principalmente al colore, posizionamento, distanza dalla fonte di calore, generando acqua riscaldata dal sole per qualsiasi utilizzo.

SEMPLICITÀ DI UTILIZZO E DI MONTAGGIO

Posizionato al sole, un collettore solare non necessita di alcun accorgimento.E' facilmente trasportabile; il collegamento dei tubi non necessita di installatori professionisti ; è modulabile all'infinito permettendo di ottenere grandi quantità di acqua calda.

La differenza sostanziale dagli altri prodotti, è la resistenza al calcare, agli urti, alle cadute e a qualsiasi evento atmosferico, anche estremo, rendendolo un prodotto unico insuperabile anche nella versione hybrida

In the philosophy of Arkema and Jean Rusconi, all products are designed and manufactured to offer benefits to the user, without any contraindications. Great attention is paid to design, ease of use and innovation.

The manifold line achieves the maximum of these objectives by differentiating itself from the countless existing products. Solar collector 4.0 represents the pinnacle of this philosophy, which allows energy and water savings, eliminating the limits of solar and traditional heated showers, mainly due to the color, positioning, distance from the heat source, generating water heated by the sun for any use.

SIMPLICITY OF USE AND ASSEMBLY

Positioned in the sun, a solar collector does not require any precautions. It is easily transportable; the connection of the pipes does not require professional installers; it can be modulated infinitely, allowing you to obtain large quantities of hot water.

The main difference from the other products is the resistance to limestone, to impacts, to falls and to any atmospheric event, even extreme, making it a unique product that cannot be beaten even in the hybrida version

Dans la philosophie d'Arkema et de Jean Rusconi, tous les produits sont conçus et fabriqués pour offrir des avantages à l'utilisateur, sans aucune contre-indication. Une grande attention est accordée au design, à la facilité d'utilisation et à l'innovation. La ligne collector atteint le maximum de ces objectifs en se différenciant des innombrables produits existants. Le capteur solaire 4.0 représente le summum de cette philosophie, qui permet des économies d'énergie et d'eau, éliminant les limites des douches chauffées solaires et traditionnelles, principalement en raison de la couleur, du positionnement, de la distance de la source de chaleur, générant de l'eau chauffée par le soleil pour toute utilisation .

SIMPlicité D'UTILISATION ET DE MONTAGE

Positionné au soleil, un capteur solaire ne nécessite aucune précaution, il est facilement transportable ; le raccordement des tuyaux ne nécessite pas d'installateurs professionnels ; il peut être modulé à l'infini, vous permettant d'obtenir de grandes quantités d'eau chaude.

La principale différence avec les autres produits est la résistance au calcaire, aux chocs, aux chutes et à tout événement atmosphérique, même extrême, ce qui en fait un produit unique et inégalé même dans la version hybrida.

En la filosofía de Arkema y Jean Rusconi, todos los productos están diseñados y fabricados para ofrecer beneficios al usuario, sin contraindicaciones. Se presta gran atención al diseño, la facilidad de uso y la innovación.

La línea de colectores logra el máximo de estos objetivos diferenciándose de los innumerables productos existentes. El colector solar 4.0 representa la cúspide de esta filosofía, que permite ahorrar energía y agua, eliminando los límites de las duchas solares y tradicionales calentadas, principalmente por el color, posicionamiento, distancia de la fuente de calor, generando agua calentada por el sol para cualquier uso. .

SIMPlicidad DE USO Y MONTAJE

Colocado al sol, un colector solar no requiere precauciones, es fácilmente transportable; la conexión de las tuberías no requiere instaladores profesionales; se puede modular infinitamente, lo que le permite obtener grandes cantidades de agua caliente.

La principal diferencia con el resto de productos es la resistencia a la piedra caliza, a los impactos, a las caídas y a cualquier evento atmosférico, incluso extremo, lo que lo convierte en un producto único e insuperable incluso en la versión híbrida.

SERENDIPITY® CHAISE

 Chaise Longue in polietilene dalla superficie in effetto stone che le dà un valore aggiunto. Le imperfezioni sono volute per conferire all' oggetto un effetto stone più naturale, con il vantaggio che utilizzandola non si ha l' effetto ventosa, grazie a una micro circolazione dell' aria data dall' effetto della superficie. La sua forma ergonomica e' perfetta per i momenti di relax. La scocca e' volutamente morbida e flessibile, per rendere confortevole il suo utilizzo anche senza l'uso di un telo. Resistente agli UV – alla salsedine- all'umidità.

 Chaise Longue in polyethylene with stone effect surface that gives additional value. The imperfections are made on purpose, to give to this object a more natural stone effect, with the advantage that using there is any suction effect, thanks to a micro circulation of the air given by the surface effect. Its shape is ergonomic, and it is perfect for relax moments. The body is on purpose soft and flexible, to make its use comfortable even without any towel. Resistant to UV rays- saltiness- humidity

 Chaise Longue en polyéthylène avec son surface en effet pierre qui lui donne une valeur additionnelle. Les imperfections sont voulues pour conférer à cet objet un effet pierre plus naturel, avec l' avantage que en l' utilisant vous n'avez pas l' effet d'aspiration, grâce à une microcirculation de l'air donnée de l'effet de la surface. Sa forme ergonomique est parfaite pour les moments de relax. La surface est volontairement souple et flexible , pour rendre son utilisation très confortable, même sans utiliser une serviette. Résistante aux rayons UV, à la salinité et à l'humidité.

 Chaise Longue en polietileno de la superficie en efecto piedra que le aporta valor añadido. Las imperfecciones son intencionales para otorgar al objeto un efecto piedra más natural, con el ventaja que utilizando no se la tiene l' efecto ventosa, gracias a una micro circulación dell' aire fecha dall' efecto de la superficie. Su forma ergonómica y' perfecta por los momentos de relajamiento. El bastidor y' intencionalmente blanda y flexible, para hacer confortable su empleo también sin el empleo de un paño. Resistente a los rayos UV , a la salinidad - a la humedad'

CONDIZIONI GENERALI DI VENDITA

Le presenti Condizioni Generali di Vendita si applicano a tutti gli ordini accettati da Plart Design srl, società soggetta all'Attività di Direzione e Coordinamento di Cornaglia Group S.p.A. Condizioni diormi da quelle qui contenute saranno valide solo se redatte in forma scritta.

Nessun ordine sarà considerato accettato sino a quando lo stesso non sarà confermato mediante conferma emessa dal fornitore.

I rischi legati alla merce in viaggio sono a totale carico del committente pur nella condizione di vendita "porto franco".

Eventuali reclami sulle quantità dovranno essere contestati allo spedizioniere all'atto del ricevimento della merce, che siano presenti o meno tracce d'erazione sull'imballo.

Ogni reclamo sulla qualità della merce dovrà esserci comunicato entro e non oltre otto giorni dal ricevimento della merce, mediante e-mail.

Verrà sostituito quel materiale che, reso franco nostro domicilio, venga da noi ritenuto difettoso.

Il reso del materiale deve essere in ogni caso espressamente autorizzato ed il reclamo deve essere inviato entro i termini di legge dalla data della fattura di vendita.

La garanzia è limitata al costo dei particolari difettosi, con esclusione di qualsiasi indennizzo per i danni subiti in conseguenza del reclamo.

Tutti i prodotti hanno la garanzia di legge - previo corretto uso e manutenzione degli stessi.

Sono esclusi materiali di consumo, quali , cartucce - guarnizioni - accessori - se già utilizzati.

I prezzi si intendono per merce resa franco nostro magazzino.

L'azienda si riserva la facoltà di modicare i prezzi qualora sopravvengano variazioni nei costi di produzione. Il pagamento deve avvenire nei termini e forme pattuite e per l'intero importo della fattura; non sono pertanto ammessi sconti o detrazioni a qualsivoglia titolo.

Le immagini e i riferimenti in questo catalogo non sono vincolanti e devono essere considerati a puro titolo indicativo.

Conformità al campione non deve intendersi in senso tassativo, poichè sussistono margini di tolleranza dovuti a variazioni (colori-materiali-misure-litri) causate da fattori ambientali (luce-umidità-etc.).

Alcuni accessori presenti nelle immagini non sono prodotti dalla ditta e possono subire variazioni. È vietata qualsiasi riproduzione, anche parziale, del presente catalogo senza preventiva autorizzazione di PLART DESIGN

PLART DESIGN declina ogni responsabilità per eventuali errori od omissioni relativi a dati ed immagini in esso contenute. L'azienda si riserva la facoltà di modicare, in qualunque momento e senza preavviso alcuno, le caratteristiche tecniche, dimensionali e di capienza nel presente manuale, al ne di migliorare il prodotto senza pregiudicarne le caratteristiche essenziali. Per qualsiasi controversia il Foro competente sarà quello di Torino.

GENERAL TERMS OF SALE

These general terms of sale apply to all the orders accepted from Plart Design srl, company subject to Management and Coordination of Cornaglia Group S.p.A. Dierent conditions are considered valid only if submitted in written form.

The order will be considered as accepted only after the supplier's confirmation.

Delivery risks are totally at the customer's charge, even if the sales conditions are "ex works". Any complaint against good's quantity must be noticed to the forwarder at the moment of the good's reception, if the packaging appears to be forced or not. Every complaint against good's quality must be noticed within eight days from good's reception, by fax or e-mail.

Only those parts which are considered faulty from us, will be replaced. Those parts must be sent to our warehouse ex works. The material may be sent back to our warehouse only after written authorization of the supplier and the complaint must be sent within the legal conditions from the date of the sales invoice.

Warranty only covers the cost of the faulty part, excluding any further indemnity for damages caused by the complaint.

All products are guaranteed by law - after proper use and maintenance of the same.

Consumables such as cartridges - gaskets - accessories - if already used are excluded.

Our prices are valid for deliveries ex works. We reserve the right to modify the prices, if the manufacturing costs vary.

Payment must be made under the agreed form and terms for the total amount of the invoice; deductions or discounts for any reason are not allowed.

Our parts are original, the pictures references of the catalogue have to be considered just as an indication and are not binding . Compliance with the sample should not be understood in the exhaustive meaning, as there are tolerances due to changes (colors - materials - measurements-liters) caused by environmental factors (light - moisture - etc.).

Any reproduction even partial, of this catalogue without authorization of PLART DESIGN is forbidden.

PLART DESIGN is not responsible for mistakes and omissions relating data and pictures.

Our company reserves the right to modify at anytime, without prior notice, the technical, dimensional and of capacity features in this manual; in order to improve the product without aecting the basic features.

For any dispute the court will be in Turin.

CONDITIONS GÉNÉRALES DE VENTE

Ces conditions générales de vente s'appliquent à toutes les commandes acceptées par Plart Design srl, société soumise à la direction et à la coordination de Cornaglia Group S.p.A.

Conditions différentes de celles contenues dans ce document ne sont valables que par écrit.

Aucune commande ne sera considérée comme acceptée jusqu'à la confirmation émise par le fournisseur.

Les risques liés aux marchandises en transit sont à la charge de l'acheteur même dans la condition de vente "franco de port".

Toute plainte concernant le montant doit être immédiatement notifiée à l'expéditeur lors de la réception des marchandises, qui montrent des traces d'ération sur l'emballage ou pas.

Toute réclamation sur la qualité des produits doit être notifiée au plus tard huit jours à compter de la réception des marchandises, par fax ou par e-mail.

Le matériel livré franco de port, chez notre entrepôt et considéré comme défectueux, sera remplacé. Le retour des produits doit être expressément autorisée dans chaque cas et la plainte doit être envoyée dans les délaisxés à compter de la facture de vente. La garantie est limitée au coût des pièces défectueuses, avec exclusion de toute indemnisation pour les dommages subis à la suite de la plainte.

Tous les produits ont une garantie selon la loi - après une utilisation et un entretien appropriés.

Les consommables tels que les cartouches - joints d'étanchéité - accessoires - sont exclus si déjà utilisés.

Les prix indiqués sont pour les produits livrés franco de port, nous nous réservons le droit de modifier les prix si des changements des coûts de production surviennent.

Le paiement doit être envoyé en conformité avec les conditions et les formes convenues et pour le montant total de la facture ; rabais ou des déductions ne sont donc pas autorisés pour n'importe quelle raison. Nos articles sont originales et les images et les références dans ce catalogue ne sont pas contraignantes et doivent être considérés comme purement indicatifs.

Conformité avec l'échantillon ne doit pas être comprise dans le sens exhaustif, car il y a des tolérances dues aux changements (couleurs - mesures - matériaux - litres), causés par des facteurs environnementaux (lumière - humidité - etc.) Il est interdit de reproduire, même partiellement ce catalogue sans l'autorisation de la société PLART DESIGN

PLART DESIGN n'accepte aucune responsabilité pour les erreurs ou omissions liés à données et images contenues dans ce document.

Notre entreprise se réserve le droit de modifier sans obligation de préavis, les caractéristiques techniques, dimensionnelles et de capacité de ce manuel, an d'améliorer le produit sans en modifier les caractéristiques de base.

Pour tout cont le tribunal de compétence sera à Turin.

CONDICIONES GENERALES DE VENTA

Las presentes condiciones generales de venta se aplican a todos los pedidos aceptados por Plart Design srl, empresa sujeta a la Dirección y Coordinación de Cornaglia Group S.p.A.

Condiciones distintas delas contenidas en el presente documento sólo serán válidas si compiladas por escrito.

Ningun pedido se considerará aceptado hasta la conrmación emitida por el proveedor. Los riesgos asociados con las mercancías en tránsito, son responsabilidad exclusiva del comprador , también en la condición de venta "con gastos de expedición a nuestro cargo". Cualquier queja sobre la cantidad debe ser noticada inmediatamente al trasportador a la recepción de la mercancía, tanto en el caso que hay rastros de robo en el embalaje o bien no. Cualquier queja sobre la calidad de los bienes debe ser noticada a más tardar ocho dias a partir de la recepción de las mercancías, por fax o correo electrónico. El material enviado a nuestro establecimiento con coste de trasporte a cargo del cliente y considerado defectuoso será reemplazado . La devolución del material deberá ser expresamente autorizada en cada caso y la queja debe ser enviada dentro de los terminos de ley a partir de la fecha de la factura de venta.

La garantía se limita al costo de las piezas defectuosas , excluyendo cualquier indemnización por daños y perjuicios sufridos como consecuencia de la denuncia. Todos los productos están garantizados por la ley, después del uso adecuado y el mantenimiento de los mismos. Los consumibles, como cartuchos, juntas, accesorios, si ya se utilizan, están excluidos.

Los precios indicados son por los bienes entregados con gastos de expedición a cargo del cliente , nos reservamos el derecho de cambiar los precios si cambios en los costos de producción sobrevienen. El pago debe ser efectuado en los términos y formas acordadas y por el importe total de la factura; por tanto, no se permiten deducciones o rebajas por cualquier motivo. Nuestros artículos son originales y las imágenes y referencias de este catálogo no son vinculantes y deben ser considerados puramente indicativas. La congruencia con el dibujo no debe entenderse en el sentido exhaustivo, ya que hay tolerancias debidas a los cambios (materiales -colores - medidas-litros) , causadas por factores ambientales (luz - humedad - etc). Toda reproducción, incluso parcial, de este catálogo sin previa autorización de PLART DESIGN está prohibida.

PLART DESIGN no se hace responsable de los errores o omisiones relacionadas con los datos y las imágenes contenidas en el presente documento. Nuestra empresa se reserva el derecho de modificar en cualquier momento y sin previo aviso las características técnicas, dimensionales y de capacidad de este manual, con el n de ameliorar el producto sin afectar a las características basicás.

Para cualquier controversia la jurisdicción competente será en Turín.
